

PRESS RELEASE

DETERMINATIONS OF DISCIPLINARY CASES BY THE MEDICAL COUNCIL OF MALAWI

Section 53(1) (a) and (b) of the Medical Practitioners and Dentists Act empowers the Medical Council of Malawi (MCM) to publish the outcomes of disciplinary proceedings. Accordingly, the Council wishes to inform the public of the determinations made in the following disciplinary cases.

The Council heard a total of 21 cases, of which 17 originated from public health facilities and 4 from private health facilities. The cases involved various healthcare professionals and institutional managers, including 2 obstetricians and gynaecologists, 3 medical practitioners, 3 clinical officers, 2 intern clinical officers, 1 medical assistant, 1 anaesthetic nurse therapist, 1 public health officer and 8 managers. The managers included health facility in-charges, medical directors, director generals and Directors of Health and Sanitation Services (DHS).

Of the 21 cases heard, 13 resulted in guilty verdicts, 7 resulted in not guilty verdicts, while 1 case was referred.

This press release communicates the Council's determinations in cases whose findings have significant implications for professional practice, patient safety and the delivery of healthcare services.
